HUBLEE.

George Owsley lost a horse from lung fever.

We regret to note the death of Geo. Wood's mother.

Ed McMahan, of Somerset, will preach here Sunday afternoon.

Jack Yakey and daughter have gone to housekeeping at the old home again.

A P Sloan shipped a load of hay to Monticello parties last week at \$14. B W Givens sold some shotes to Lanter at 4c.

Mr. and Mrs. Walter Mulkey have returned to their home in Ocoee, Arkansas. Robert McKechnie has entered school in Lexington.

"Aunt" Betsy Spoonsome celebrated her 85th birthday Tuesday by entertaining a number of relatives and friends at an elaborate dining.

Miss Jennie Gover, of Brasston, is with relatives here. Mr. and Mrs. Thos. McBeath gave a handsome reception Wednesday evening in honor of Al Rankin and bride. Henry Walters and family have moved to the Owsley place.

Our Stanford pike is in such a horrid condition that people are having to go through the fields to get to church and the post office. Several horses have choked down in the deep mud and the fencing is so close that the travel has to keep in the middle of the road.

Since the American Telephone Company has given employment to so many in this vicinity moose seems to be plentiful. This place is on a boom and the next thing we expect is an electric railway from Chicago to Chattanooga via Hubblee, but when we behold the mud now on Stanford street our feathers fall.

Lee Rankin is shipping a load of hay to Burkeside at 70c. R L Hubblee is back from the South after selling three loads of mules and reports a good trade.

M. E. Eubanks sold his gray horses to some Southern trader for \$85. John Robinson has begun to deliver his hemp sold some time ago at \$4.50. Ed and Van Keeton sold their fat hogs to Johnson at 4c.

DO NOT DOSE THE STOMACH.

Cure Catarrh by Nature's Own

Method—Every Breath of

Hyomei Brings Relief.

Nearly every one who has catarrh

knows how foolish it is to try and cure it

by drugging the stomach. Temporary

relief may be given, but a cure seldom

comes.

Until recently your physician would

have said the only way to cure catarrh

would be to have a change of climate;

but now with Hyomei you can carry a

health giving climate in your vest pocket

and by breathing it a few minutes four

times a day soon cure yourself.

The complete Hyomei outfit costs but

\$1.00 and consists of an inhaler that can

be carried in the vest pocket, a medicine

dropper and a bottle of Hyomei. The

inhaler lasts a life time, and if one bottle

does not cure, an extra bottle of Hyomei

can be obtained for 50 cents. It is the

most economical of all remedies adver-

tised for the cure of catarrh, and is the

only one that follows nature in her meth-

od of treating diseases of the respiratory

organs.

G. L. Penny has sold a great many Hy-

omei outfits and the more he sells the

more convinced he is that he is per-

fectly safe in guaranteeing to refund the

money if Hyomei does not cure.

Told By Champ Clark.

"Did you ever hear of the preacher

who prayed that the House and Senate

might hang together?" asked Champ

Clark. "It comes to me this way:

"The man of God was sending up a

petition that the lawmakers—we are

the ones—might hang together; that

the times were trying and that united

and concerted action were necessary

for the good of the country. At the

point in his petition to the Throne of

Grace where he asked that they might

hang together, a member of the con-

gregation, evidently a disappointed of-

fice seeker, said, 'Yes and the sooner

the better; that is the prayer of all

good people.'

"But my friend," said the parson, 'I

don't mean as the brother does I mean

that they hang together in accord and

concert."

"No matter what cord," returned

the member, 'so it's a good and strong

one.'—Washington Times

Domestic Troubles.

It is exceptional to find a family where

there are no domestic ruptures occasion-

ally, but these can be lessened by having

Dr. King's New Life Pills around. Much

trouble they save by their great work in

Stomach and Liver troubles. They not

only relieve you, but cure. 25c at

Penny's drug store.

Only 12 bodies of victims of the Clay-

ton disaster at Port Townsend, Wash.,

have been recovered. This leaves a

list of 42 persons unaccounted for.

LANCASTER.

The Loyal Legion will entertain its members Friday evening at the W. C. T. U. Room.

Mrs Gertrude Embry gave a dinner party Saturday evening—entertaining friends of her husband.

The Christian Endeavor Society will entertain its members and friends Friday evening at the Christian church.

Mrs Ann Walker, who was stricken with paralysis last week at the home of her daughter, Mrs. Minnie Geiger, is somewhat improved.

Rev. F. M. Tinder, of the Christian church, has gone to Somerset to hold a series of meetings. His pulpit will be supplied during his absence.

In the absence of Rev. Tinder, the Christian Endeavor conducted prayer meeting Wednesday evening and next meeting night the C. W. B. M. will take charge of the services.

The exact amount of taxable property in the town of Lancaster is \$902,470, as shown by the reports of supervisors and assessors. The county report will be published as soon as it is made out.

The week of union service was closed Sunday night by a united communion service at the Presbyterian church.

Rev. Tinder delivered the sermon, the other ministers taking part in the service.

J. H. Arnold has sold his farm of 124 acres on the Buckeye pike, to Mark Bowen for \$3,056. Jas. I. Hamilton sold to Robert Underwood a lot in the Baker Addition for \$600. J. B. Bowen bought of J. B. Saunders a farm of 230 acres at \$45.

The water works system has been completed at a cost of over \$24,000. Its capacity is 10,000,000 gallons and if this quantity is found insufficient the dam is so constructed that it can be enlarged at a very small cost.

Mr. Theodore Curry, one of our best-known citizens, received a serious injury by falling a few days since. Mr. Curry's already failing health makes the accident more serious. We trust he may soon be out of danger.

Mrs. Maggie Gulley, of McCreary, has announced as a candidate for superintendent of public schools, subject to the democratic ticket. She is a niece of county attorney James L. Hamilton, Circuit Clerk J. W. Hamilton and Thomas and Jack Duon.

There is much sickness in the community—colds are quite the order of the day, a few cases of pneumonia makes the situation serious and there are scattered cases of measles and scarlet fever. Altogether this keeps the doctors busy and in good spirits.

The friends of Will Noel will regret to learn that he is very ill with typhoid fever.

Mr. Noel was reared in this community and until recently he has been living with his father in California.

Some months ago he returned to Kentucky and is now living in Dan-

ville.

R. L. Elkin has returned from Atlanta, where he has been looking into the mule trade. He reports that mules

are advancing steadily in price and the market is fuller than it has been in

years. The activity of the market is encouraging to Kentuckians, who ship

the doctors busy and in good spirits.

NEWS NOTES.

Dowle takes the South to task for being too slow, but, if he carries out his plan of settling in it, he will find it only too quick to detect a fraud.—Louisville Times.

Blasts From The Ram's Horn.

What God demands is as nothing to what He deserves.

It is a good deal easier to drop into a rut than to rise out of it.

When you want to move an obstacle push is a good sort of a prayer.

There would be fewer farewell sermons if men preached as though each one might be his farewell.

Pulpit airgums are apt to watch the noise they make instead of the mark they are supposed to aim at.

The refusal of the saloon to give credit to its own creatures is a plain commentary on the character of its workmanship.

CLIMATIC CURES.—The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles 25c; regular size 75c. At all drugists.

"Do you have any trouble supporting your family, Sambo?"

"No, indeed. Why, boss, I've got one ob de best wifes in dis 'ere town."

—Yonkers Statesman.

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. At all drugists.

The expressed purpose and intention of the republican administration to promptly punish those who have been guilty of bribery and swindling does not seem to be borne out. In Nebraska a republican Senator escapes conviction of crime on a time limit, and the publican Senators in Washington both oppose and resist an investigation by Congress of the frauds and irregularities in the postoffice department. Republican honesty seems to be stricken with paralysis and there is now every probability that the old cry of "turn the rascals out" will be effectively heard during the coming presidential campaign.

The first regular bill day in the Legislature resulted in a flood of measures, especially in the House. There were about 150 bills introduced in both Houses, including a number of the most important measures that will occupy the attention of the Legislators during the session. Among them was a bill introduced in the House by Mr Johnson appropriating \$1,000,000 for the erection of a new Capitol, providing for an expenditure of \$250,000 annually for four years.

The State central committee should think soberly and prudently before it acts. The calling off of the primary in Lexington seems to be a high-handed piece of business and the chances are that democracy will suffer by it. Better go slow, gentlemen.

The Democratic National Committee met in Washington Tuesday and selected St. Louis as the city in which to hold the next national convention, which is called to meet July 6. Let Gorman, of Maryland, be nominated and all will be well.

The republicans need not be alarmed over W. J. Bryan or Grover Cleveland. The former could not get the nomination if he wanted it, and the latter will not take it if it is offered to him.

POLITICAL.

Former Congressman Driggs was sentenced to one year's imprisonment and fined \$5,000.

Gov. Beckham appointed Mrs. Elizabeth Walcutt, matron of the Central Asylum for the Insane, at Lakeland.

A new committee, to have charge of the fish, game and forestry interests of the States, has been created in the House.

A Brooklyn newspaper declares friends of the late President McKinley who oppose Mr. Roosevelt are moving for the nomination of William H. Taft for President.

The city democratic committee of Lexington met and rescinded its call for a primary election. The committee then nominated William Blair for Representative and a full city ticket.

The Ohio Legislature, by a separate ballot in the House and Senate, voted to send Marcus A. Hanna back to the United States Senate. The democratic minority voted for John H. Clark for Senator.

The democratic State central committee declared void the nominations made by the local committee of Lexington, and declared a rule by which selections of candidates must be made within the year of the election.

The Legislative grind at Frankfort was begun Wednesday by the favorable report in the House of a bill appropriating \$75,000 for a Kentucky exhibit at the St. Louis world's fair. In the Senate a number of bills were introduced by consent, but no other business was transacted.

As the result of the decision to hold the democratic convention in St. Louis, W. R. Hearst has made arrangements to start a paper there.

The death of former Gov. John Young Brown leaves five living Kentucky ex-governors, Preston H. Leslie, Simon Bolivar Buckner, J. Proctor Knott, Wm. O. Bradley and James B. McCreary.

Attorney General Knox in replying to a resolution adopted by the House, says he has expended \$25,985 of the \$500,000 appropriated for antitrust prosecutions. He reviews the cases he has filed or caused to be instituted, and recommends a permanent increase in the force of his department.

At a meeting of the joint democratic legislative caucus at Frankfort a committee consisting of four Senators and five members of the House was appointed to draft a uniform school book bill to be reported to the joint caucus the night of January 20. The caucus was presided over by Senator G. W. Hickman.

IN NEIGHBORING COUNTIES.

John Dugan, aged 42, is dead at Perryville of pneumonia.

The Q. & C. Route has again inaugurated its splendid Chicago and Florida limited train.

William Newell is dead near Whiteboro, Pulaski county. He was one of the oldest and best citizens in the country.

One of the best wells in the big Richland oil fields was struck on the Jones farm on Big Richland Creek by the Knox Oil Co.

William Lawson, aged 95, the oldest citizen in Mercer county, is dead. He had been a member of the Masonic order for 60 years.

Herbert Dillon, aged 15, son of C. J. Dillon, who was accidentally shot by the latter in Garrard, a month ago, died of the wound.

The public sale of a portion of the estate of the late Samuel Harding was held before the largest crowd that ever gathered to attend a similar sale in this city. It took up the entire day and was conducted by Capt. T. D. English in his usual splendid manner. It is the consensus of opinion that every thing sold high. The sale amounted to a fraction over \$43,000. The largest block of buildings, located on Fourth and Walnut streets, were sold to Mr. M. G. Weisiger for \$12,915. Sixteen acres of land (Randolph property) was sold to Mr. Forrest Reid for \$150 per acre. Forty acres of farm land (Bruce farm) was purchased by Mr. J. B. Hart for \$38 per acre. Residence in Allie Addition went to Mr. W. H. Pipes for \$3,000. Old Tompkins property was bought by Mr. M. G. Weisiger for \$2,400 and a residence on West Walnut street was purchased by same party for \$2,400—*Dacville News*.

CRAB ORCHARD.

Miss Maggie Stephenson left Wednesday for St. Joe, Mo., to visit her uncle, Mr. Dyer, and other relatives. Mrs. Jane Buchanan and sons, Andrew and Burch Buchanan, returned home Tuesday from a visit to the Pacific coast. Miss Sallie McWhorter opened a full school last Monday at the college.

A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, rundown people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Penny. Price 50 cents.

Saved From Terrible Death.

The family of Mrs. M. L. Bobbitt, of Barrington, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed bottles 50¢ and \$1. Trial bottles free at Penny's drug store.

"Yes I took out an Uncle Tom's Cabin company last season and played to packed houses everywhere."

"Impossible! With that old chestnut?

"But I did it just the same."

"How did you work it?"

"Gave 'em a production which guaranteed absolutely no Topeys, Lawyer Marks or bloodhounds. This season I'm going to elaborate it, leaving out Uncle Tom and Little Eva and filling up with a ballet and some Dutch comedians and one or two popular songs."

"My father has always told me," began Edgar, "that pretty girls make poor wives. Now, when I marry, it must be a girl who is not pretty at all, or one who is possessed of the home loving instincts—one who is unselfish, and—"

"Oh, Mr. Montgomery—Edgar—is this so sudden, but you may ask papa."

After deliberating three hours the jury in the case of George Holland and Dick Carney returned a verdict of guilty, and fixed their punishment at death. THE board of supervisors is still in session and will likely be until late tomorrow afternoon. It looks like the raise will not exceed \$50,000.

AN examination for applicants who have completed common school courses will be held in my office Jan. 29 and 30, 1904. G. Singleton, superintendent.

MONEY—Supt. Garland Singleton has received a draft for the remainder due the teachers of this county and will pay it to them at his office here next Saturday.

20—The election held in Crab Orchard Wednesday to decide whether or not whisky should be sold resulted in a victory for the "wets" by a majority of 20. Saloons have been running there for several years.

AUCTION.—Mr. S. B. Levy will hold a two-day's auction in George Holmes' store-room near the Crab Orchard depot on next Tuesday and Wednesday, Jan. 19 and 20, at which time some rare bargains can be obtained. Col. J. P. Chandler will be the auctioneer.

HON. J. M. ALVERSON, of Lincoln, offered a resolution inviting Senator Arthur P. Gorman to address the Kentucky Legislature. It lies over, but it will probably be adopted, and an effort will be made by Mr. Alverson through some of the Kentucky delegation at Washington to have Mr. Gorman accept the invitation.

OLD HORSES.—A gentleman from the South End of the county tells us that there are three very old horses in his section, all of which are doing hard work. The oldest, 30 years, is owned by James Fletcher, the next is 29 years, the property of Duda Coulter, while Mrs. Eliza Tombs has one 28 years old that is as lively as a yearling.

THE First National Bank elected the old directory Tuesday except that Mr. J. M. Pettus was chosen to succeed Mr. W. P. Tate, who resigned, and Mr. Ed Carter was added to the list. Mr. Samuel T. Harris was made vice president and the present officers were elected for the ensuing year. The Lincoln County National Bank postponed the election of its directors for a few weeks.

THE quarterly meeting of the Central Kentucky Medical Association will be held at The Gilcher in Danville, on Thursday, January 21st, beginning at 10:30 A. M. The discussion will be opened by Dr. Spurgeon Cheek, of Danville, with a paper on "The Treatment of Disease other than by Remedies." Report of the section on Progress of Surgery and Surgical Pathology will be made by Dr. J. B. Kincaid, of Lancaster. Otitis Media, Acute and Chronic, its Causes and Treatment, will be discussed by Dr. J. D. Jackson, of Danville. The annual election of officers will be held.

WOOD.—At 9:30 Wednesday morning, Mrs. Thomas E. Wood, one of the best women in this section, breathed her last and the spirit returned to the God who gave it. An aged husband and five children, John W. Wood, of Garrison, Mrs. B. G. Fox, of Danville, Geo. T. Wood, of this county, Mrs. J. C. Lynn, of this city, and Chief of Police Logan W. Wood, of Danville, are left to mourn the loss of a loving wife and Godly mother and in their irreparable loss they have the sympathy of friends everywhere. Mrs. Wood was 62 years old and had been a member of the Baptist church for many long years. In her palmy days she was a splendid church worker, but 24 years ago she suffered a stroke of paralysis and since then she had not had good use of her left side and was compelled to set aside her active duties in church and at home. Later she suffered another stroke and the third and fatal one came about a week ago. Deceased was a daughter of Mr. John and "Aunt Nancy" Pope, of Boyle county, and she was a kind hearted, charitable woman. Those who knew her well say a better woman never lived and that to know her was indeed to love her. There scarcely ever lived a more affectionate couple than Mr. and Mrs. Wood and now that his life companion, the true wife in prosperity and adversity, has gone hence, the splendid old gentleman is crushed by the blow, which we fear will materially shorten his days. May the good Lord give him abundant strength to bear the blow he has received. The remains were taken to Danville Wednesday afternoon and at 2 o'clock yesterday afternoon funeral services were held at the home of Mr. B. G. Fox by Rev. O. M. Huey. The burial followed in Bellevue cemetery.

THE Ladies Aid Society of the Baptist church of Crab Orchard is requested to meet at Mrs. Harris' residence on Saturday afternoon at 2 o'clock. Important business. New members are invited and solicited. Mrs. J. F. Holmdam, sec'y.

THE following bills have been introduced by Mr. Alverson, Representative from this county: Providing for the election of councilmen from wards, instead of at large, in cities of the fifth class, and prescribing certain qualifications for service. To reduce the State tax rate from 50c to 48c. Defining vagrancy and providing punishment therefor.

UNDER a good cut of the gentleman the Louisville Times says: "Judge M. C. Saufley, of Stanford, who is being urged by many distinguished friends and admirers to become a candidate for the appellate bench, to succeed Judge Burnam, has served in high positions after rendering gallant service in the Confederate army, he chose the legal profession, and his brilliancy gained for him the place of United States judge for Wyoming under President Cleveland's first term and later circuit judge for 12 years in the 13th judicial district of Kentucky. He is eminently qualified for the place, and his announcement will probably be made within the next six weeks."

Eskimo Tastes.

There is certainly no accounting for
tastes and surely the strangest is that of
the Eskimo. Tallow is their candy.
It is put up in bright red packages
made out of the feet of water fowl. The
women cut off the red feet of this bird,
which is called the dovekie, draw out
the bones and blow up the skin so as to
make pouches, which they fill with the
reindeer tallow for their little folk.

None of the food that the Eskimos
eat seems very inviting to us, but they
are extremely fond of it and are very
apt to overeat. It is said by explorers
who have gone into Greenland that it
is no uncommon sight to see an Eskimo
man who has eaten an enormous meal
of the raw, frozen flesh of the reindeer,
seal or walrus, lying on his back and
eating blubber until he can not move

Congratulations.

Mr. John H. Cullom, editor of the Gar-
land, Texas, News, has written a letter of
congratulations to the manufacturers of
Chamberlain's Cough Remedy as follows:
"Sixteen years ago when our first child
was a baby he was subject to crousy
spells and we would be very uneasy about
him. We began using Chamberlain's
Cough Remedy in 1887, and finding it
such a reliable remedy for colds and
croup, we have never been without it in
the house since that time. We have five
children and have given it to all of them
with good results. One good feature of
this remedy is that it is not disagreeable
to take and our babies really like it. An-
other is that it is not dangerous, and there
is no risk from giving an overdose. I
congratulate you upon the success of your
remedy." For sale by W. N. Craig.

"I was putting in a day on a railroad
train in the West," said the Chicago
drummer, "and as there were but few
passengers and it was a long day, I
spent most of it in playing cards with
and talking to a young man who tried
to render himself agreeable in return.
When we reached a certain town he
got off, while I was to go on 10 miles
further. At parting he offered his
hand and said:

"I have had a pleasant day, thank-
you to you, and I hope we will meet again.
Can't you run over to-morrow about 10
o'clock?"

"Any special reason?" I asked.

"Well, my brother Jim is to be hung
here to-morrow at 10, and that is what
brought me down."

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The uniform success of this remedy has
made it the most popular preparation in
use for bowel complaints. It is every-
where recognized as the one remedy that
can always be depended upon and that
is pleasant to take. For sale by W. N.
